

IF YOU ARE LOOKING FOR CREATIVITY...

WSLA
TECHNOLOGY FOR TECHNICAL SERVICES

CONSIDER IT DONE

About Us

The art of planning is the motivation for excellence.

In 2000, a group of IT and multimedia graduates had the idea to start a business to offer web and multimedia designing and programming services. After years of working in various locations, and founding number of small businesses, such as Al Adham Multimedia Technology Company in 2007, This ambitious group founded their current company, Wsla Technology for Technical Services in 2019, to provide web and mobile apps design, programming and administration. In addition to multimedia and graphic designing services for various purposes.

The company is officially registered in the Ministry of Economy. # 801751868

And approved by the municipality of Gaza. # 22784

Also registered in D-U-N-S Number # 600018562
